COMMONWEALTH OF PENNSYLVANIA

October 7, 1968

SUBJECT: Negro Enrollments, Fall, 1968

TO: Dr. Earl F. Sykes

FROM: Dr. Arnold Fletcher *AF*

Attached is a copy of a memorandum from Dr. Miller which suggests that the Department of Public Instruction will be interested in knowing how many Negro students are attending state colleges and how many Negroes are members of the faculty. The memorandum also suggests that it is not always easy to ascertain the number of students, a problem we will always have with us as long as the procedure of identification is a permissive one.

On the other hand, I think that we have reasonably accurate enough data to submit the statistics contained on the attached sheet. I thought you might want to send a copy of this report to Dr. Miller with copies to Dr. Hoffman and Dr. Kurtzman.

You might wish to incorporate figures on Negroes on non-instructional staff in the report to Dr. Miller.
